Re: MS 1767 - Special Services Section - [REDACTED]

STATINTL

Called [REDACTED] today and told him we didn't

STATINTL

have any more ~~map~~ manpower to devote [REDACTED] at the present time; and that I assumed he wanted

STATINTL

[REDACTED] to continue as the No. 1 priority there. In response to his question as to when we would be likely to tackle Special Services, I told him in all probability not before the first of the year.

STATINTL

Net: He does want us to finish up [REDACTED] first. He will try to make some kind of interim arrangement to tide Special Services over until we can get to it. (He mentioned the possibility of detailing someone or getting a part-time contract wife. It seems some of the people are coming in at 5 a.m., to try to cope with the workload.)
